**Federal Acquisition Regulation;
Update to Biobased Reporting
Requirements**

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: DoD, GSA, and NASA are issuing a final rule amending the Federal Acquisition Regulation (FAR) to revise the biobased reporting clause to require the contractor to submit the annual biobased report to a new Governmentwide Web site instead of the agency environmental point of contact.

DATE: Effective: September 3, 2013

FOR FURTHER INFORMATION CONTACT: Ms. Marissa Petrusek, Procurement Analyst, at 202–501–0136, for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at 202–501–4755. Please cite FAC 2005–69, FAR Case 2013–006.

SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA are revising the clause at FAR 52.223–2, Affirmative Procurement of Biobased Products Under Service and Construction Contracts, to reflect new reporting instructions for the annual biobased report; the reports will be submitted to a new Web site rather than to an agency point of contact.

For reporting in 2012, the Department of Agriculture provided a reporting site that was intended to be available for one year only. The Web site to be used for the annual Biobased reports due at the end of October 2013, <http://www.sam.gov>, is intended to be the

permanent site used for reporting this information. The new Web site is a Governmentwide site that allows contractors to submit a report on a contract-by-contract basis at any time throughout the year, improving consistency in reporting across Federal agencies with the goal of increasing Federal procurement of biobased products. The new Web site also generates a Governmentwide report for agency use. In addition, the new Web site includes instructions on how to complete the report and frequently asked questions.

**II. Publication of This Final Rule for
Public Comment Is Not Required by
Statute**

“Publication of proposed regulations”, 41 U.S.C. 1707, is the statute which applies to the publication of the Federal Acquisition Regulation. Paragraph (a)(1) of the statute requires that a procurement policy, regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because submission of the report was already required and changing the Web site to which the report is submitted will have no cost or other impact on contractors. These requirements affect only the internal operating procedures of the Government.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not constitute a significant FAR revision and 41 U.S.C. 1707 does not require publication for public comment.

V. Paperwork Reduction Act

The final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
